

Dear fellow believers in Christ,

On behalf of the people of Northern Malawi who are being reached with the Good News and brought to trust the salvation offered in Christ Jesus our Lord, we want to thank you for the \$ 500.00 you gave for this purpose.

Every time our team, John, George and Caleb, send us their reports on the work of God in the villages of Malawi we rejoice. So many lives are changed when they trust the Lord Jesus for salvation. Drunks leave their drinking and begin taking care of their family. Muslims turn away from the violent religion of Islam to find peace with God. While villages are changed as Jesus becomes the One Whom the villagers begin to serve and declare to their neighbour near and far.

We will not know the impact the Gospel has, but eternity will be that much more exciting when we see, among the redeemed, a large number of Malawians. Glory!

These days life in Malawi has become very much more difficult. The government has devalued the currency by 25%. The drip down effect is felt already: fuel has gone to the equivalent of \$ 2.50/ litre overnight. Electrical bills have followed and the cost of store bought items has increased dramatically as well. We look to our faithful Lord to supply the means to keep the work going.

Again, we want to thank you!

Shalom,

Hans and Elly Timmermans for the DCI Team.
